

My old self has been crucified with Christ. It is no longer I who live, but Christ lives in me. So I live in this earthly body by trusting in the Son of God, who loved me and gave himself for me.

Galatians 2:20

CALEB & LAURA COOK

DESTINO

JUNE 30, 2017

God is working through our CoreDoctrine course to help our new Destino interns and staff see how the study of God leads to greater obedience to him and greater love for Christ. This June, Caleb started coaching seven new Destino interns and staff. They meet for about an hour together over an online video conference (they live in four different states!). Together they study, share, process what they have been learning, and pray.

One person from the group loved a module so much that she went and shared it right away with someone she has been mentoring! CoreDoctrine is helping us develop ministry leaders who can more deeply understand, articulate, and practice what they believe as they reach people on campus with the good news about Jesus. Your partnership in ministry is helping to make lifetime followers of Jesus Christ.

At Home in Dallas

Because of the timing of Abigail's arrival in May, this is the first summer as Cru staff that we have stayed at home instead of traveling to a summer assignment of some kind. On top of working on coaching the interns and new staff, we will attend the Cru biennial staff conference from July 15th to 24th in Fort Collins, CO. Every two years, all the staff in Cru come together in Colorado to plan, pray, and connect as we prepare for the next two years of following Jesus. We'll send an update about the conference at the end of July.

Caleb has also been working on some administrative and planning tasks to get ready for August and the fall semester. He is also taking two intensive courses at Dallas Theological Seminary this summer that will accelerate the completion of his degree. Thank you for your prayers for our family and summer.

In Christ,

Caleb + Laura
